Year Six’s Inside Out Reflection

At the end of Week 6, Year Six joined the school in watching the film *Inside Out*. We spent the following week reflecting on the key message of this film and how it can help make us stronger individuals who continue to follow God’s image. Year Six agreed that all the emotions we experience help shape the person we are, and we cannot be expected to always be feeling only one particular emotion. We also reflected on how our faith can strengthen us and give us a more positive outlook on our experiences.

Year Six did some amazing work over the past week through their embodiments of the different emotions represented in the film, and they were able to connect these to certain colours. For example, red can represent love, but it could also demonstrate anger or embarrassment. Take a look at the fantastic word clines and reflections Year Six developed after exploring the different emotions. Year Six continue to shine as learners, and make their teachers very proud!

Here are some examples of emotions we noticed over the week and how this influences others.

“*When one person in my family was experiencing a negative emotion, they didn’t want to be with everyone else and this made everyone upset. When I felt great and treated others respectfully, then the people around me felt the same.*” – Jacob

“I felt many emotions over the week such as anger (rage), I was playing on my PS4 then I was having a bad connection with online servers. This filled me with more rage which then affected my brother’s emotions. I stopped playing the PS4 and noticed my emotions changed and I became calmer.” – Samson
**Principal’s Message**

What a fantastic day!!
Special thanks to teachers, students and parents for making our Athletics Carnival such a fun and competitive event. The children performed their best across both field and track events. We were blessed to have had not only a sunny day but also many parents who volunteered their time to assist on the day.
The overall highest point scoring team was Mackillop on 521 points.
Congratulations to the other teams, Stack (430 points), Kerrigan (391 points) and Martin (307 points.)

**Student Led Conference**
This Thursday you will have an opportunity to speak with your child about their learning this year. These times are very important as children are able to share with you what they feel confident doing and what areas of their learning they require additional support. Student Led conferences begin at 3.30 until 5pm. I am looking forward to sharing this event with you.

**Holy Family Hosting Action Plan Meeting**
On Friday we welcome colleagues from St Oliver’s, Harris Park, Sacred Heart, Westmead, Holy Trinity, Granville and several representatives from CEO Parramatta. Each term we gather to share our school improvement action plan. During this meeting each school identifies the progress and evidence gathered in relation to our School Improvement Goals Plan. As a staff, our goal reflect strategies and directives that have been co-constructed as a team and are always refined so that they are in alignment with what our student and school data is telling us. This process is critical if we are to continue to address our school needs and maintain our goal of student improvement.

School goal: To improve the oral language capabilities of all student across all learning areas.

Maths Minds
I had a handful of coins, My handful of coins added up to $2.45. What coins could I have had in my pocket? Record all the possible combinations.

Lost Property
We have a collection of lost property clothing that is piling up. Please label all your children’s clothing so we can return it to them.

Year 6 Muck up Photo
For those Year 6 families that would like to view and order the Year 6 muck up photo please see Mrs Zammit or Ms Ali in the office. The cost is $16 each. Please have the correct money when ordering.

Building Child Safe Communities
The Catholic Education Office Parramatta has been working to ensure that all schools are places where all children are safe. There have been some additional checks that all volunteers will need to comply with to ensure all community members are informed as to the appropriate conduct that is expected while on school grounds or in any circumstance where they are in contact with the children.

All Parents, family members and volunteers need to complete Building Child Safe Communities Undertaking for Volunteers.

This portal is located on the Catholic Education Diocese of Parramatta website. Parents volunteering need to complete this undertaking form. The school will receive an email similar to the email sent to you once you have completed the form. All emails will be filed in the school office. If you do not have access to an electronic device, please see Mrs Zammit in the front office and you may complete this eform at school.

The safety of our students is everyone’s responsibility.

Connectivity has become an integral part of everyday life and learning. As students communicate, collaborate, create and learn with online and digital tools, the need to educate students about responsible online behaviours has become more important than ever.

Launched today, Cyberwise is a Catholic Education Diocese of Parramatta cybersafety campaign aimed at providing a range of resources, policies, teaching strategies and tips to support young people nationwide in becoming discerning and responsible users of technology and social media.

Designed in collaboration with students and teachers from western Sydney Catholic schools, the Cyberwise video and website are valuable resources for all students, parents and teachers to encourage cybersafety.

Make sure to watch the empowering video below produced and created by students from St Mark’s Catholic College, Stanhope Gardens. It is hoped that the video can be shared widely across social media channels.

**Tips for staying safe**

Cyberwise is the go-to learning source for teacher and student strategies about using technology safely and wisely. Visit the [Learning Exchange](http://catholiceducationdioceseofparramatta.cmail19.com) for more information.
